

What work, school, or rehabilitation program(s) have you completed?

Do you currently work? If so, where do you work and what type of work?

What is your current work or school schedule?

What are your future plans for work or school?

List the people living in your home, including their ages and their relationship to you.

Do any other members of your household have a physical and/or mental disability?

Yes No

Please describe your home and yard.

Is your yard fenced?

Yes No

If your yard is not fenced, if your fence is too short or needs repair, will you be able to put up a secure fenced area before you receive your dog?

Yes No

Are there currently other pets in your home?

Yes No

If you currently have pets in your home, what type, age, and list them by name individually.

Attach a sheet to back if you need more room.

Are there other pets "Inside" or "Outside" the home?

Yes

No

Have you owned a dog previously? If so, please describe what kind and how old you were at the time.

On a daily basis, how will you manage walking, cleaning up after, feeding, medicating, exercising, grooming, and medical care for your CSDP dog?

Have you ever rehomed a pet?

Yes No

Have you ever had to euthanize a dog/pets in the past? If so, explain circumstances.

How will you handle the care of your CSDP dog if you are hospitalized?

On-site Placement Class is a requirement for CrittersWork Service Dog Partners. Our location is in Greeneville, TN. Our traditional training model requires two weeks of on-site training. Our Operation Full Circle Program for veterans with PTSD requires 16 weeks of on-site training. Our Autism Program requires 26 weeks of on-site training programs. Are you able to attend Placement Class?

Yes No

CSDP requires a 30 day bonding period for you to get to know your dog. Will it be difficult for you to limit your calendar for the 30-day bonding period?

Yes No

CSDP may require clients to undertake additional training after completing their placement class. Will it be difficult for you to comply with post-placement training requirements?

Yes No

Please explain any Yes answer about difficulties above.
